

Medicare Shared Savings Program

MSSP

- **Medicare Shared Savings Program (MSSP)** alternative payment model to facilitate coordination and cooperation among healthcare providers, in order to improve the quality of care for Medicare Fee-For-Service (FFS) beneficiaries and reduce unnecessary costs.

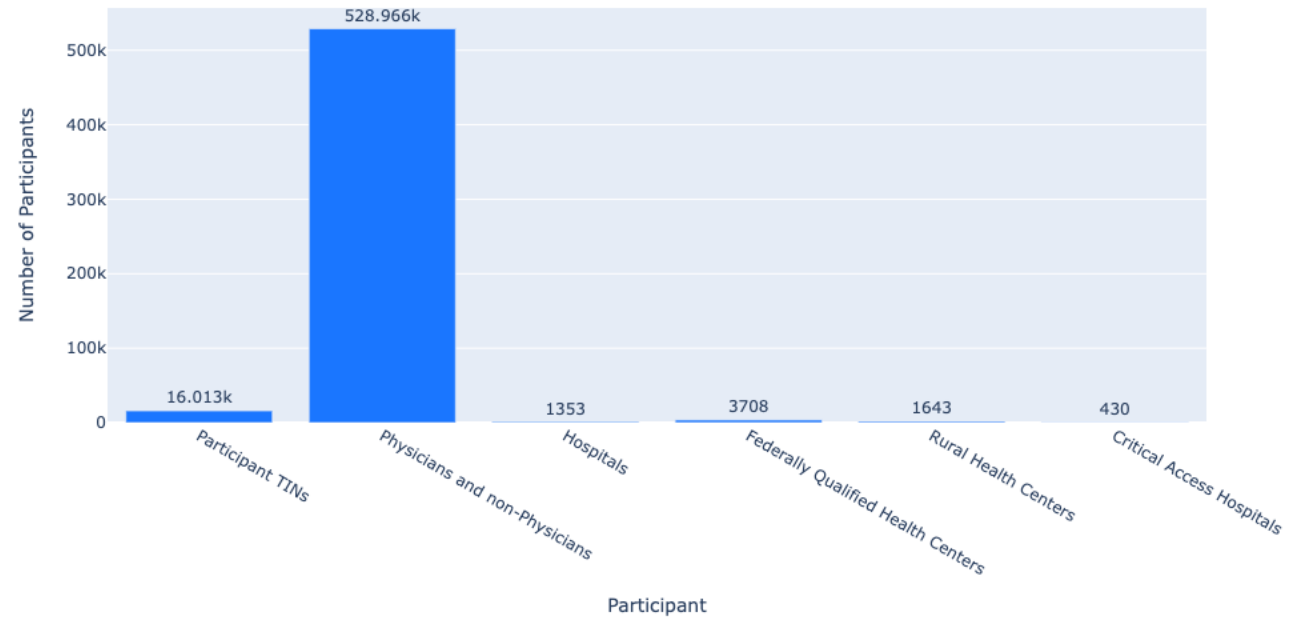

ACO

- Accountable care organizations, or ACOs, are groups of hospitals, physicians, and other providers who agree to coordinate care for patients and deliver the right care at the right time, while avoiding unnecessary utilization of services and medical errors
- Efficiency, quality, care coordination
- Most ACOs use payment models that incorporate Fee-for-service as well as value-based payment models with some risk
- Fee-For service rewards intensity and volume but not quality

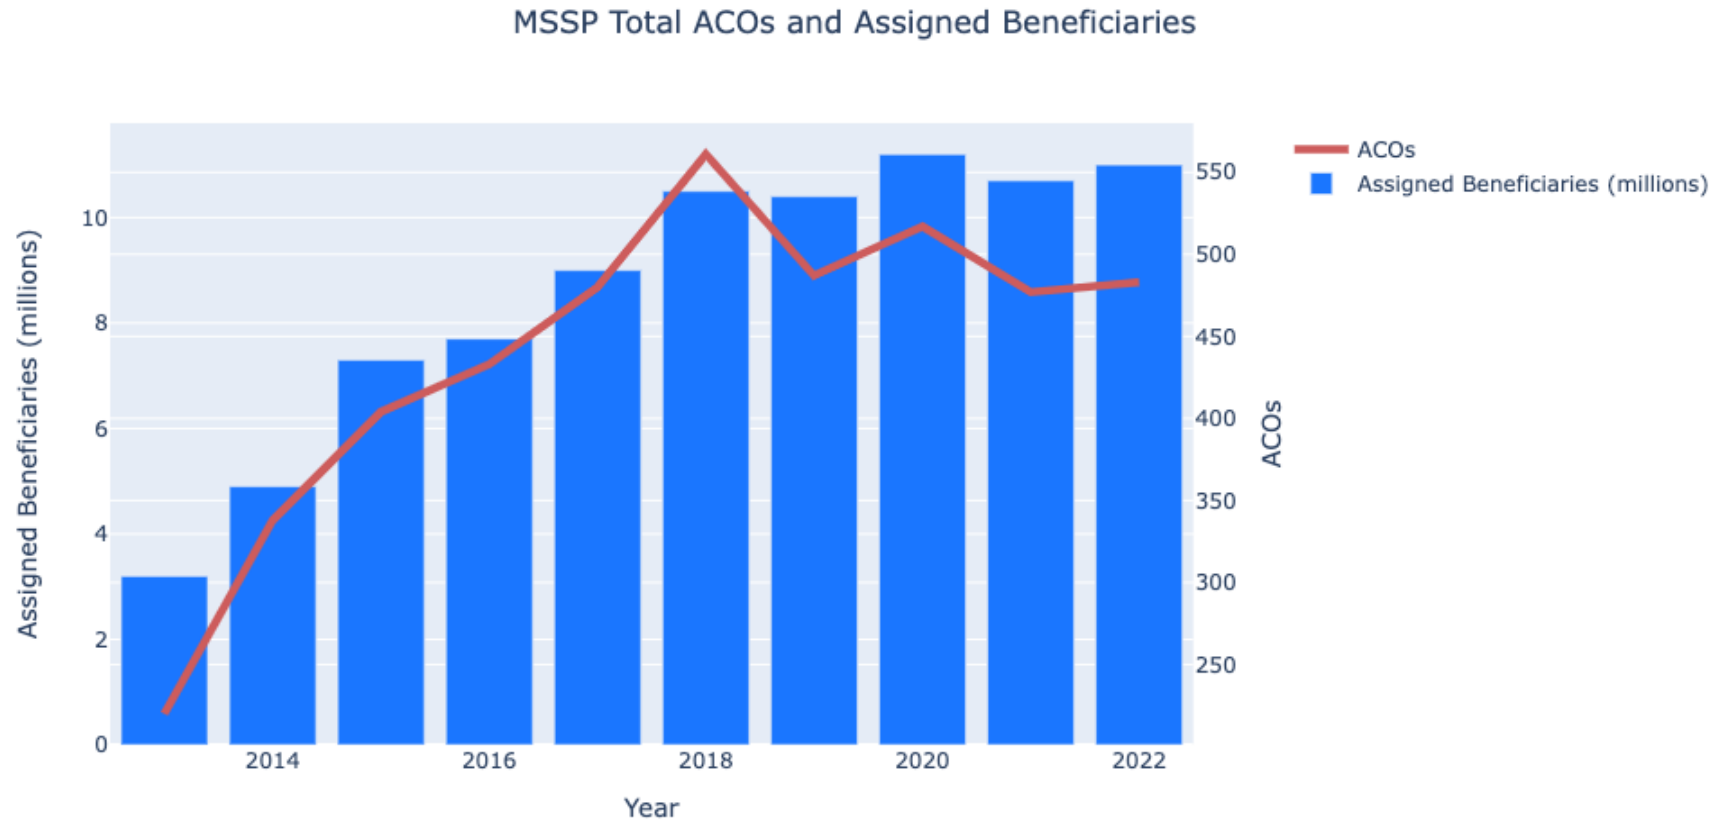

Quality of care

- MSSP is based on
 - At-risk population
 - Patient/Caregiver experience
 - Preventative health
 - Care coordination/Patient safety
